

How To Register for a Student Account

Before your students can register for their Student Accounts, they will need your school's unique 3 digit Student Code. There are **three different ways** of getting this code:

- i. Go to <https://www.cscstudy.org.au> and login to your Teacher Account using your username and password. Once logged in, you should see your school's unique 3 digit Student Code displayed in a green box.
- ii. When your school registered for a Climate School's account, the registering teacher

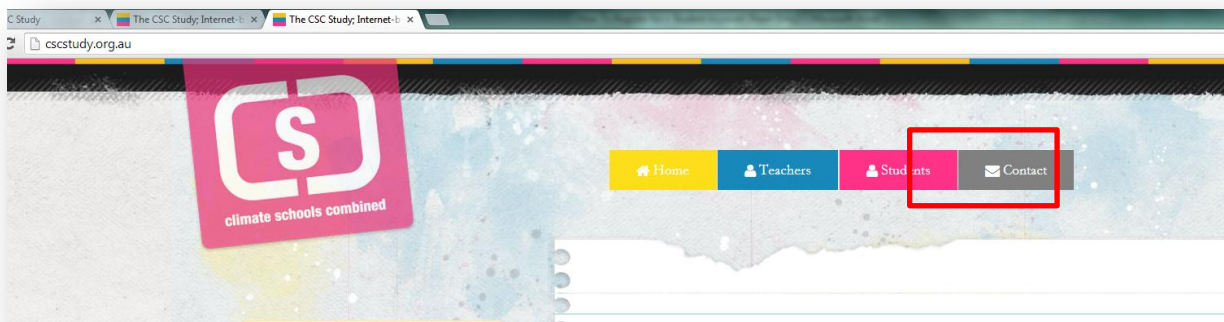

should have received a confirmation email from info@cscstudy.org.au. This confirmation email will display your school's unique 3 digit Student Code.

- iii. You can email info@cscstudy.org.au to ask for your school's unique Student Code.

Once you have obtained your school's unique 3 digit Student Code, give this code to your students and ask them to follow the steps below to register for their own Student Accounts.

1. Go to <https://www.cscstudy.org.au/>.
2. Along the top bar, find and click the *Students* link.

3. Fill out the form with your Student Code, email address and password. Then click the *Register* button.

★ Students

If you have not logged in to the CSC study website before please complete the student registration below. Otherwise please log in using your school email address and password in the box to the left.

Before registering you will need to ask your teacher for your 3 character Student Code. After registration you will be automatically logged in and will receive an email with your access details for future reference.

IMPORTANT: if you have registered before and you can't remember your access details, please [reset your password here](#) or speak with your teacher who can tell you which email you registered with previously. Please do not register again. Registering a new account should only be done if you haven't registered before. If you help, please email support@netfront.com.au
