

# How To Register for Teacher Accounts

Each teacher at your school will need to register on the CSC study website. You will only need to do this once. Before you can register for a Teacher Account, you will need to get your 3 digit Teacher Code (each school has a unique code). There are **three different ways** of getting this code:

- i. On the first page of The CSC Study Information Pack provided to your school.
- ii. Ask a teacher at your school who has a Climate Schools account to go to <https://www.cscstudy.org.au> and login using their username and password. Once logged in, they should see your school's unique 3 digit Teacher Code displayed in an orange box.

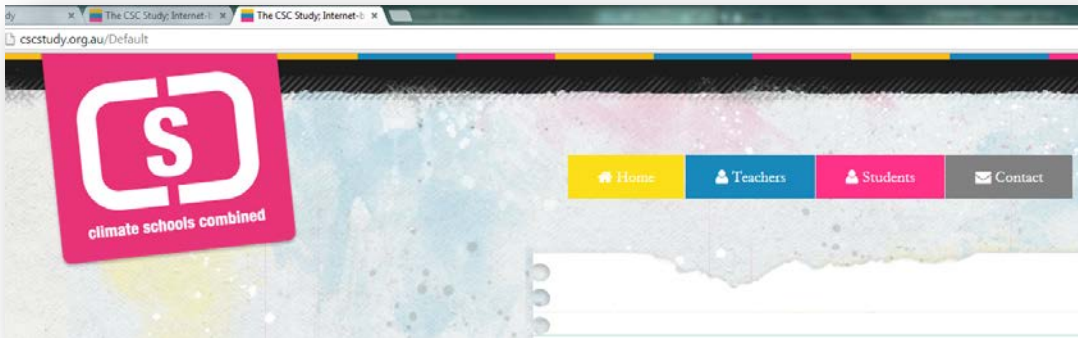

- iii. Any teachers at your school who have an existing Teacher Account, should have received a confirmation email from [info@cscstudy.org.au](mailto:info@cscstudy.org.au) when their account was created. This confirmation email will display your school's unique 3 digit Teacher Code.
- iv. Email [info@cscstudy.org.au](mailto:info@cscstudy.org.au) to ask for your school's unique Teacher Code

Once you have obtained your school's unique 3 digit Teacher Code, follow the steps below to register a Teacher Account (that will be linked with your School's Account).

1. Go to [www.cscstudy.org.au](http://www.cscstudy.org.au)

2. Along the top bar, find and click the 'Teachers' tab.

3. Fill out the form with your Teacher Code, email address and password. Then click the Register button.

**★ Teachers**

To access the CSC study materials your school needs to be registered with us. If your school is not currently registered with us and you are interested in registering with the CSC Study please contact us at [info@cscstudy.org.au](mailto:info@cscstudy.org.au).

If your school has registered to be part of the CSC study you can access the program materials by completing the individual teacher registration below.

To register you will need your 3 character Teacher Code provided in the CSC Study Information Pack.

Teacher code \*   
Get this from the information pack provided

Name \*

Surname \*

Username \*   
Your school email needs to be used for your username

Password \*

Password repeat \*

4. You now have a Teacher Account for Climate Schools (you do not need to wait for approval). You should now be directed to the Teacher Centre which has links to all Climate Schools resources.
